Allowable Subject Matter

1. Claims 1-14 and 17 are allowed:
2. The following is an examiner's statement of reasons for allowance: The claims as amended, setting forth a having a hub, rim and spokes connecting the hub with the rim, wherein in first areas attached to the hub, the spokes have solid, non-V shaped cross-sections, and in second areas connected to the rim, the spokes have V-shaped cross-sections. The prior art does not teach or suggest a wheel having the configuration set forth above. The claims overcome the Reid reference due to the fact that the spokes have a V-shaped cross-section throughout their length, including the portion of the spokes that extend onto the outer surface of the hub.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
